Illinois Certification Testing System (ICTS)
Objective-to-Course Matching Chart

This chart may be used to review courses in relation to Illinois Certification Testing System objectives.

Directions: Use a separate copy of this worksheet for each test field. Obtain a copy of the test objectives for the test field you are analyzing. Indicate which subareas contain which objectives by drawing lines between objective numbers that mark the beginning and end of a subarea (e.g., if Subarea I contains objectives 1 to 4, draw a line upward between objective numbers 4 and 5 to separate Subarea I from Subarea II). In the left-hand column, fill in the names of the courses that may cover content related to the test field. In the row for each course, place a check under each test objective that is covered by the course. A blank grid is provided on a separate page if you need additional columns.
